

## **The Dream of Billy Kite**

Billy Kite sailed to the stars  
“Little Leaf will you sail by my side  
For one last night?”  
“Is there something that I didn’t find?”

Love is never easy to hide

Billy Kite’s a heart to light  
One more breath would blow him to the dark  
Would wake him up  
To the life where nobody’s a light

Love is never easy to hide

I’m going to make my love a coat  
To keep it always dry and warm  
It won’t die in September  
When would summer have to pass

I know this dream can’t ever last  
For it’s a dream, far from the sad  
Old ways we’re wired together  
But until day claims me back  
I won’t leave her, I won’t get up

Love is never easy to hide
