

## **Bring Me Noise**

So, what did you get  
Slow thinking  
Take a while for yourself

So where did you get  
Slow thinking  
Before this night will pass

As we sail by the river

It's all around yourself  
Slow thinking  
Silent, silent  
Only waves and silence

As we sail by the river

Only Waves and Silence

I will sell my own soul  
To anyone who will bring me some noise
